KASTOwin A 4.6

The fully-automated bandsaws from the KASTOwin range have been designed for mass production sawing of solid material, tube and profile. Designed in Germany and manufactured in state-of-the-art, flow line production lines at our assembly plants in Achern (in the northern Black Forest) and Schalkau (Thuringia), KASTOwin creates the ideal conditions for optimum efficiency.

- Customised to the specific application using a modular system design
- Quick motion using servo drive and ball screw spindle for the material feed and the linear guided saw frame
- Automatic band guide arm adjustment
- Quick and easy programming via colour touch screen
- SmartControl to ensure high bandsaw blade lifetimes
- Incremental feed for cutting batches of short pieces
